## CASE SUMMARY FACTS

**Threatening and Endangering the Lives of All of the World's People with the Misuse of Artificial Intelligence, Biotechnology, Negligent Bio-Weapon Tech Transfer, Negligent Failure to stop Chinese IP and Sensitive A.I. Biotechnology theft, Complicity to Genocide, and Aiding in Physical Genocide within the slave camps inside of China by transferring AI Quantum Biotechnology, Financial Investments, Trade, Surveillance Systems, Facial Recognition, and Engaging in Cultural Genocide of Humanity via Cybernetics, Bioengineering, Trans-Humanism, by Controlling and Re-Programming the Human Races and the upcoming new generation of peoples Thoughts, Emotions and Brain Chemistry to accept and transition to transhumanism by Bio-Digitally Social Programming and Social Engineering the human race via AI coding and AI algorithmic biometric manipulation of their Nervous Systems, Electrical Fields, and Neural Networks through multiple Patented Smart Phone, IoT Proximity censors and other sophisticated technologies, as the worlds people and the AI systems and Apps engage and interface with Google, Microsoft, Amazon, Apple, Baidu, Tik Tok, Wechat, Huawei, Megvii Face++, Alipay, Facebook, Neuralink, the Internet and many Social Media Ecosystems and platforms reprogramming people without their knowledge, understanding or free-will. Not informing the worlds citizens that their private data is being used to create an Artificial Super Intelligence on Quantum AI Technology with 5G and 6G systems that can eliminate and destroy all the worlds people through nation state conflicts, virus's, surveillance or numerous other risks found by Cyrus. A. Parsa and The AI Organization's 1,000 plus AI company investigations and Cyrus's Published Books, Artificial Intelligence Dangers to Humanity.**

**Barack Obama, Hillary Clinton, Joe Biden, Hunter Biden, Nancy Pelosi, Chuck Schumer, Adam Schiff, Jerry Nadler, Eric Schmidt, Bill Gates, John O. Brennan, James Comey, Andrew McCabe, Elon Musk, Google, Sergey Brin, Larry Page, Jeff Bezos, and the vary many defendants were Negligent, incompetent and treasonous conduct by allowing China, its corporations, people and entities to steal AI Bio-Technology, Quantum technology, 5G, Drones, Bio-Metrics, Semi-Conductor Chips, blue prints to F35, Battleships, and Space Technology and American's private data. Obama allowed our businesses, institutions, schools and citizens to**

**invest in China and transfer sensitive AI technologies as presented in this claim to China that is endangering all the worlds Citizens.**

**Failure to prevent or willfully engaging in theft of the worlds private family data and bio-metric data to build Quantum AI Bio-Digital technologies with the Goal of obtaining Artificial General Intelligence or Super Intelligence on 5G, 6G and & 7G Systems that threatens all the Worlds Citizens, beyond the comprehension and control of any government, the pentagon, CIA, NSA, MI6, FBI, DARPA, NASA or any world Power. Ignoring, censoring, not reporting, rephrasing or plagiarizing to create content and reports off of Cyrus's hard work, findings and materials, rather than report and support him to stop immense dangers to all people.**

**Hence, making it very, very, very hard for Cyrus A. Parsa and The AI Organization to warn and assist in saving the worlds people in time from dangers discovered by Cyrus's AI Simulations showing emerging Catastrophes in stages, to all of the worlds people, including warning of the Coronavirus ("AI Engineered Bio-Disease From China") by Cyrus, months before Coronavirus's appearance in China, published in books AI, Trump, China & the Weaponization of Robotics with 5G and the book "Artificial Intelligence Dangers to Humanity". By not reporting on Cyrus A. Parsa's Lawsuit and Findings, the defendants and all other media reporters, editors, owners, are subject to criminal prosecution by local tribunals, city, state, national and international complicity laws, per prevention of crimes, persecution, genocide and or reaction there of. Moreover, Making it very hard to meet President Trump to further explain the brief he received about the book Artificial Intelligence Dangers to Humanity, and disclose Cyrus's very sensitive Quantum AI Bio-Tech findings and dangers to all of the worlds people in private, that are beyond the skill-set or comprehension of the advisors, analysts, and senior staff at the Pentagon, Darpa, Nasa, Military, OSTPS, or White House.**

**This lawsuit is being filed on the behalf of the Worlds people by Cyrus A. Parsa and The AI Organization on pure altruistic reasons to prevent harm to the worlds citizens, from his data sourced from investigating over 1,000 AI, Robotics, Bio-Engineering, 5G, Bio-Metric, and Big Tech Companies, including 500 Chinese Companies, compressed in the book Artificial Intelligence Dangers to Humanity.**

**Defendants are in Violation of one or all 30 counts and more than 42 penal codes, of national and international bio-metric privacy laws, committing treason, creating nefarious technologies, Complicity to the prevention and reaction to Genocide, Article 1, 2, 3, 4, and by not reporting Cyrus A. Parsa's warnings and guilty negligence and harm by transferring Weaponized AI bio-technologies to China, and indirectly to Iran by Transferring 150 Billion Dollars in cash that belonged to the Iranian people, to Iran's government and clerics who purchased from China, AI, Drone, Bio-Tech, Robotics, and Facial Recognition technologies that weaponized the Iranian governments surveillance and AI technologies against the Iranian people, the Middle East, American Servicemen, harming them all, and endangering all Iranians inside of Iran. Thus, laying the groundwork for Iran to join China on the one belt one road 5G systems connecting Africa, the Middle East and Europe with Huawei and the multiple of other Chinese and Western tech companies involved globally, while creating the foundation to form nation state conflicts with advanced AI bio-technologies, endangering all the worlds people living today, in numerous ways, as assessed by Cyrus's findings.**

**Defendants Obama, Pelosi, Schumer, Schiff, Clinton, Anderson Cooper, Soros, Biden's, CNN and many others created conflicts and impeachment hunts against the Trump Administration and U.S Presidency, over small matters, while obstructing, and overlooking the safety of all the worlds citizens with nefarious dangers stemming from China and Western Big Tech, including the Coronavirus, thus missing and wasting crucial time and energy needed by the good men and women in the CIA and FBI to assess emerging technologies, that they missed and did not understand in time. Hiring and giving funding to historically incompetent think tanks, institutes, and policy analysts in Washington DC, Santa Monica, and New York that are not altruistic, are selfish, don't care about the worlds people nor have the intelligence and wisdom to understand the big picture to properly inform and explain to President Trump, Congress and all the Worlds Leaders, of all the dangers of Artificial Intelligence that these Ph.D's, Tech Tycoons, and AI scientists are missing or contributing to, due to their short comings, lack of skills and capacity to comprehend very sophisticated emerging AI dangers and scenarios to all the worlds people alive.**

**Giving advisory or media platforms to famous, wealthy, Ph.D types or usual so called "Experts", that have ruined the world and created conflicts for generations, hurting the worlds people, and its culture,**

**rather than choosing wise and good people to advise on national security risks to all the worlds citizens. Guilty of Negligence. We are coming to the Age of AI, 5G, Quantum, Robotics and many sophisticated risks, and cannot have AI regulators and departments who are incompetent, unwise and incapable people with Ph.D. titles, who don't have the fortitude, care and will, to safeguard the worlds citizens and all families from nefarious misuse of AI that can hurt all human beings and their families around the globe in such a sophisticated and fast manner, that is imperceptible to human beings on the 5G networks and emerging AI bio-technologies.**

Thus, controlling humanities thoughts, actions, biology, bio-metrics, brain neural pathways, the human bodies neural networks that reprograms all human beings through social engineering and bio-digital social programming, without their consent, knowledge, understanding, or free will. Extracting humanities digital footprints in breach of the Nuremberg Laws, **FTC Act** (15 U.S.C. §§ 41-58 and Engaging in irresponsible and unsafe Research and development of Artificial General Intelligence or Artificial Super Intelligence that could enslave or kill off humanity or give the power to the defendants to enslave humanity in numerous ways on the 5G and other developing networks.

2. Negligence and Complicity in Persecution and Genocide of millions in China, per Article's 1, 2, 3 and 4 of the Genocide Convention, and *18 U.S.C.A. § 1091*

*§ 1091.* ***Genocide, not limited to Democracy Activists, Falun Dafa Practitioners, Christians, Uyghurs, Tibetans, Journalists, Judges, Lawyers, and Academics inside of China.***

3. Transferring and Providing to China, China's Government and its Companies, knowledge, data, capabilities and technology to weaponize Artificial Intelligence, Quantum Computing, Machines, Robotics, 5G, Bio-Metrics, Cybernetics, Bio-Engineering, IoT's, Computer Vision, and Human Tracking Technology, and technology that can give China access to Artificial General Intelligence or Artificial Super Intelligence, that endangers the world, and all of humanity, including AI weaponry for assassination. Same violations of facts number 1, 2 and 3.

6. Misrepresenting to the world and deceiving the U.S on Google's activities in China and their technology transfers that contributed to China's Quantum AI advancements, surveillance, abuse, torture, concentration camps and murder of its own citizens. Same violations of facts number 1, 2 and 3.

7. Providing health, bio-metric, financial and social network data of Americans, and the world citizenry that is in the hands of the Chinese government, endangering the world and all its peoples on the 5G network.

8. Creating an interconnected platform between Facebook, Google, Alphabet, all entities under Neuralink, and DeepMind that allows for a digital brain to connect to the internet, all digital and bio-digital networks, human bodies, machines, robotics, IoT's, Augmented Reality, Virtual Reality, Mixed Reality, Holograms and other technologies, that can be used for surveillance, to track, manipulate, control, social engineer, re-engineer, reprogram, brain wash, hunt, quarantine, threaten, arrest, commit cultural genocide, and kill human beings by machines, Bio-Digital AI, Digital AI, and robotics connected to the 5G, 6G and other networks and corporate command centers.

9. Creating platforms that is on the verge of developing Artificial General Intelligence and the Subsequent Super Intelligence that will be beyond the

control of the human beings working at Neuralink, Alphabet, DeepMind, Google, Facebook or governments.

10. In violation of Article 1, 2, 3 and 4 of the Genocide Convention for weaponizing China's Artificial Intelligence, Facial, Voice and Other Bio-Metric technology that were used on Chinese citizens. Not to exclude genetic experimentation of human beings in Chinese concentration camps, including hybrid human experiments within the concentration camps.

11. Introducing, planning, promoting and engaging in physical and cultural genocide to humanity by replacing their neural network operating systems with Artificial Intelligence and Machines, merging humans with machines with the interconnection of the internet, internal tech experimentations of defendants and consumer products promoted, provided and transferred by the defendants to the public directly and indirectly.

12. Reprogramming and social engineering humanities thoughts and brain chemistry via AI algorithms in the internet, social media, apps, smart phones, IoT's, computers, wearable devices, implanted technology, virtual reality, augmented reality, mixed reality, holograms, and alternate reality. Not informing and explaining to humanity that their brain chemistry is altered by a replicating software as they engage with the defendants products and services, nor that their thoughts and actions can be manipulated and controlled by smart phones, apps and IoT in connection with the network platforms, technologies and initiatives Google, Alphabet, Facebook, Neuralink, DeepMind, and Tesla are providing and introducing to the public, in turn giving these tech giants complete control and influence over Americans, and humanity.

13. Weaponizing AI by Utilizing humanities bio-metric and social media data and misusing the technology by Controlling the Human Race and its thoughts through Social Engineering and bio-digital social programming by using people's bio-metric systems through Google and Facebooks eco systems, coding, algorithm unfairness, with the use of social media data, their emotions, weaponization of the internet, smart phones, IoT's and computers,

thus controlling human thoughts, and humanity at a global scale against their free-will and knowledge. Not informing the public that their dependency on smart phones, is due to frequencies and Artificial Intelligence software emitting from the AI systems and devices that is connecting to the neural networks of humans, creating a symbiotic process, making them a cyborg, dependent, reliant, controlled and programmed by the products and services provided by Google, Facebook, Alphabet, Deep Mind, Tesla, and Neuralink. In essence, putting the entire human race in a state of pet and owner relationship, via their bio-metrics, biology, and digital selves neural network operating systems. The Owner being the Artificial Narrow Intelligence, other AI forms, provided by the defendant's companies, organizations and personal initiatives within their companies and Machine Software's operating inside the bio-metric systems of human beings.

14. Negligence in Algorithm Fairness that allows hate speech, misinformation and slander to cast doubt on Google search engines against people's efforts to notify and inform the world's people that millions have been subject to Organ Trafficking, Organ Harvesting, Concentration Camps, Torture, and Abuse and that the risks of Artificial Intelligence is multi-faceted and enormous.

15. Writing Code and Creating Algorithms that has been and is currently engaging in cultural genocide including introduction of cybernetics, robotics, and creating an ecosystem that allows for Beastiality to exist and be forefront on Google's search engines, affecting societies, and youth's bio-metrics system after viewing the videos and articles via their smart phones and computers, influencing their thoughts through their bio-metric systems, paving the next generation to degenerate and accept this type of behavior with the introduction and experimentation of bio-engineering and cybernetics.

16. Research and Development conducted by Alphabet, Facebook, Google, DeepMind, Nueralink and other ventures in Silicon Valley have created algorithms and coding that supports, promotes and achieves brain washing of humanity through social engineering and bio-digital social programming,

that endangers the human race in its entirety via the interconnection of their platforms, social media, and technology distributed in physical and digital format to society.

17. Writing Code and Having Algorithms that influenced liberals and conservatives to exponentially increase their hate for each other via their bio-metric systems and emotions while attached to smart phones, IoT's, apps, digital media, Google, Facebook and other interconnected platforms. Causing harm to the nation and the world, and endangering humanity at the geo-political level with nation state leaders undergoing social engineering and bio-digital social programming and control by their platforms to ignore human rights atrocities in China and around the world stemming from the defendant's algorithm misuse and AI technologies. Implicating world leaders and their citizens to be charged under article 2, 3 and 4 of the genocide conventions. This includes Canadian Prime Minister, the Majority of European Leaders, and the leadership at the United Nation, the media, press, their reporters, and others who have and are still censoring awareness for human rights violations in China or working against it. Writing code and algorithms that controls reporters, media and the press's thoughts and actions beyond the normal manipulation they receive from special interest groups, producers, or friends who may manipulate them, other reporters and their covered content, thus Weaponizing the media for Google's development against the media's free will and knowledge.

18. Negligence on Google and Facebook's Algorithm unfairness caused liberals and conservatives to conflict and fight each other beyond the reasonable norm, affecting their thoughts and emotions via their bio-metric systems being controlled and enhanced by Artificial Narrow Intelligence systems inside the smart phones and the apps partially formed by bias and hateful content that created division and undue hate among Americans and the people of the world.

19. Division caused by misuse and negligence of Algorithms in Facebook and Google, hindered and delayed the U.S administrations efforts to pressure

China in time to save more people from concentration camps, death and cremation, in addition to national security concerns that impacts Americans and the world citizenry. This is not limited to the Trump Administration, rather it affected the Obama, and Bush administrations as well. Google hurt America and China for 2 decades at a geo-political level. Google is guilty of Article 2, 3 and 4 of the genocide convention, in addition to complicity.

20. Masking posts and articles by The AI Organization, meant to bring awareness to human rights atrocities in China, on Facebooks Platform. Masking Content created by Cyrus A. Parsa meant to save people form dangers pertaining to human rights violations interlinked with Artificial Intelligence. Banning the book "AI, Trump, China & The Weaponization of Robotics with 5G" for advertisement and masking posts of people working on behalf of The AI Organization. Masking posts of "Artificial Intelligence Dangers to Humanity" book, on Facebooks platforms, and masking other posts from The AI Organization written by Cyrus A. Parsa. These posts related to China, Taiwan, Hong Kong, Iran, big tech, Google, 5G, Robotics, Drones, and Bio-Metrics threats to and Enslavement of Humanity. Releasing the Masks recently after coming under pressure and scrutiny. Hiring Chinese who committed espionage and attacked American companies, including The AI Organization and Cyrus A. Parsa, as well as his associates and victims of persecution.

21. Writing Code and Sustaining Algorithms that propagate an extreme amount of pornography, violent pornography, and insinuation of rape and prostitution, that denigrates females, young girls, altering humanities thoughts and family based concepts of traditional health based ethics via their bio-metric systems, hence, contributing to rape, sex and human trafficking and broken families.

22. Developing Code, Algorithms and Ecosystems that reprogramed a generation of people's bio-metric structure, and brain chemistry to be bio-digitally controlled by Google and every other tech industry with similar platforms that operate on varying types of Artificial Intelligence, including Artificial Narrow Intelligence.

23. Developing Code, Algorithm's and Ecosystems that created a secondary digital brain inside the brains of AI Scientists to be subservient, controlled and programmed to create, sustain, promote, and grow Google, Alphabets, Facebooks, and other tech giants' platforms. Elon Musk has also confirmed The AI Organization's findings, that humans can have a secondary digital brain formed via their neural networks.

24. Developing Code, Algorithms and Ecosystems that creates a secondary digital brain inside the brains of all human beings that can prevent the person from recognizing that they are being controlled, and bypassing any biological resistance to AI Control or human bodies innate capability to resist the formation of a symbiotic and parasitical relationships with AI software and cybernetic hardware via their rational thinking structure in their brain.

25. Not informing consumers that part of the defendants goals for AGI (Artificial General Intelligence) and ASP (Artificial Super Intelligence) has religious goals that can be dangerous to all of humanity, including attempts to retrieve or ask AGI about the inner working of the "simulation", what, when, how and by whom the simulation was formed, and what is outside it. Neuralink, Google, Alphabet, Facebook, Tesla, and DeepMind have not registered as a religious institution, yet they are engaging in religion under the umbrella of science. In fact, they have turned their companies, into religious institutions with final aim goals identical to most religions. The defendant and their companies are attempting to treat their Technological developments as God, taking all of humanities bio-metrics, data, and connecting it to their quantum, robotic and machine-based AI technology, and upload their digital selves into other bodies, networks or machines, mimicking the beliefs of a

spirit or soul. In Fact, Elon Musk stated in an interview, that he wants to develop AI to a point, that it could "give him the answers to the simulation". Elon Musk is agreeable to the risks that an AGI or Artificial Super Intelligence can go rogue, kill off humanity, or be hacked, yet as smart as he is, he doesn't understand that the computing technology the AGI and ASI would have, would not go beyond the level of Atoms to observe more microscopic particles at its plane, hence, any answers to his sought questions to simulation is limited, and the endeavor of an AGI or ASI is putting humankind at risk. There is an alternative way to achieve his answers, that is 100%. safe and does not involve giving the power to a machine or Artificial Intelligence.

26. Defendants have created AI systems that can take in humanities facial, voice and other bio-metric information and decode whether they are resistant to AI, subject to its control, atheist or have a faith. This technology can enable AI, or any entity using AI to track, profile, hunt and kill targets it deems resistant to its control, or resistant to AI or the tech company who controls the system. This can be done with drones, machines, robotics, or poison delivery systems such as Micro-Botic terrorism.

All Charges from 1-30 have led to physical genocide in China spearheaded by the Chinese Communist Government, and all charges from 1-16 are in breach and violations of penal codes stated in facts 1, 2 and 3. All Charges have and are leading to Cultural Genocide in America and around the World, endangering all of humanity to enter a stage of cultural and physical genocide with the interconnection of Artificial Intelligence, 5G, Robotics, Machines, Drones, Smart Cities, as it pertain to negligence and misuse by the main platforms and companies of Google, Facebook, Alphabet, DeepMind, Neuralink, John Does, and their leadership. This does not exclude other players such as Fox news and other conservative networks who had been monitoring Cyrus A. Parsa's findings, and had been contacted, been warned the the worlds people are in danger. It also does not excuse conservative journalists who stole, plagarized Cyrus A. Parsa's findings after being approached, and prevented their editorials from running Cyrus's articles to warn the worlds citizens. These people, including other liberal media, are being giving more chances. and Microsoft from guilt, and the very many Chinese companies who were trained by these Western companies.

Cyrus A. Parsa, The AI Organization

**Dangerous Interconnection of Google, Alphabet, Facebook, Neuralink, and DeepMind AI posed great threats to humanity by extracting the worlds bio-metrics to create and Artificial Intelligence and Digital You, and cybernetically alter people in stages.**

**Digital You.**

**The collaborative process between these companies, is attempting to create a digital you with Artificial Intelligence. They have harnessed humanities bio-metrics, are planning to run it in an AI machine, to copy a person's consciousness, with the idea that your emotions, personalities, and neural networks, can be digitally implanted into robotics, cybernetics, cyber systems, virtual reality, augmented reality, mixed reality, alternate reality, human, animal and modified clones and other bodies, to obtain immortality. The collaborative process between these companies, can create an Artificial Intelligence that can control humanity through the 5G network, mobilizing drones, machines, robotics, CRISPR and other technologies not limited to the digital networks.**

**ALPHABET,Inc**

Alphabet is the parent company of YouTube, Google, DeepMind. They are a registered Delaware Company, with headquarters in Mountain View California. Alphabet as an organization, is directly responsible to the negligence, and hurt Google, And DeepMind have brought to humanity, The AI Organization, Cyrus A. Parsa and victims of Persecution, torture, rape, human trafficking, sex trafficking, organ trafficking, organ harvesting, internment camps, and concentration camps, as stated in this claim. This includes its board members to varying degrees.

**GOOGLE L.L.C**

Google L.L.C is a Delaware Company with Headquarters in Mountain View, California. Google's search engine has harnessed humanities data. Google due to negligence, has allowed humanities privacy to be leaked to nefarious companies, entities and governments, such as China, who engages in concentration camps, rape, torture, sex, human and organ trafficking, resulting it murder or death by persecution.

Google has created a platform that harnesses' the worlds data, which is going into Artificial Intelligence, Machines, Robotics, the coming 5G network, Drones, Satellites, private networks, and Quantum Computing that can attach to a digital brain and simultaneously control humanity through influence, manipulation, or outright physical force by mobilizing machines, robotics and newly formed AI laws.

**Google Super Conscious AI Brain**

Google has data on almost all people, things and subjects on the planet, and about everything ever published online. An AI system or an AI Robot can access everything connected to all networks and make imperceptible moves around the world simultaneously. It would be so fast on the 5G network, that humanity would be caught off guard. It could be a program malfunction, a purposeful terrorist attack by an entity, or the AI system going rogue based on a self-learning algorithm.
The worst possible scenario is that a digital super computer, humanoid robot, or a person that has been merged with cybernetics achieves a certain automated consciousness that would be a threat to humanity. Google has been in China, helping them advance their AI program, in return China's government is advancing their weaponization program.

**Deep Mind AI**

Deepmind is a Delaware Company with offices at Alphabet and Googles Mountain View Location in California. DeepMind AI, is creating Quantum Computing designed and or able to harness Googles data, humanities bio-metrics and mobilize robotics, machines, drones, and smart cities in nefarious ways unbeknownst to the justice department, government or the common citizen due to bio-digital social programming derived from social engineering and the interconnection of machines, robotics, 5G, IoT, smart phones with

Google and Deep Minds products and services that can also merge AI and machines with human beings.

Deep Mind provided AI, and Quantum Technology to China that has aided the Chinese government in surveillance, concentration camps, rape, torture, organ harvesting, murder and genocide.

Deep Mind is threatening the world with creating a Digital Mind that can connect via the 5G network to machines, robotics, drones, smart cities, smart homes, automated cars, and infrastructure. A Digital Mind or Artificial Intelligence with the bio-metrics of Americans, or all of the world's citizenry,

According to Elon Musk, Deep Mind Operates as a semi-Independent Subsidiary of Google". Deep Mind is accelerating its creation of a digital super intelligence. At a digital level, they are close to Artificial General Intelligence. Deep Mind, from Google, is attempting to create an AI that is more clever than any person on the planet, and at some time it can be more clever than all of humanity combined. This digital AI can hack and control Google, Biadu (Chinese version of Google) and all networks at once or be used by a company or terrorist to do the same thing.

Elon Musk says, a Digital Super Intelligence could see people as ants. I strongly agree, and after the reader takes in the book "ARTIFICAIL INTELLIGENE Dangers to Humanity" and considers the interconnection of the companies, the geo-political situations, history, human rights, and how AI moves, one can understand the severity of this case and the dangers humanity faces. This case is has an additional element, to safeguard humanity.

**NEURALINK & Elon Musk**

**Neuralink Corporation is an American Neurotechnology company founded by Elon Musk, developing Implantable brain-machine interfaces, with company headquarters in San Francisco. Elon Musk resides in California.**

Neuralink is involved in risky Research and Development, including robotics, cybernetics, and R & D to map and decode the entire human brain and neural network in order to mix machines and AI with human beings, that can create humans with super human powers who would be dependent on machines or AI technology to sink with the human brains, creating a symbiotic interface that connects with the internet and its data. Neuralink's technology can create the components needed for other entities, corporations, countries and people to create fully capable Robotics and Humanoid Robots with human desires, and thinking capabilities, let alone a full range of human mobility.

**Elon Musk** is the Founder of Tesla, Space X, Neuralink and has stake in Google's DeepMind AI. Neuralink is based out of California

The Founder of Neuralink, Elon Musk, stated "For humans to survive, they have to merge with AI and Machines". Neuralink wants to put implants inside human beings' brains in order for people to connect with the Internet and mix with machines, robotics and other cybernetic parts. Elon Musk also stated human beings are already Cyborgs by virtue of them having smart phones, "A 2 Digit Cyborg".

Elon Musk is attempting to make humans into Cyborgs in order to tap into areas in the brain that usually cannot be accessed by the public. By merging AI, Machines with the Human brain and body, Elon Musk hopes to make himself and others super intelligent with super human powers. He hopes to tap into the human brain's total capacity, giving him powers not only to tap into the internet, but powers to control machines, drones, robotics, virtual reality, augmented reality, mixed reality. and any bio-digital infrastructure on the 5G network or any network that can form in the bio-digital world. At some point, he or someone like him may be able to have to access micro-dimensions and manipulate atoms by merging himself with machines and AI, albeit the AI merger would not allow him to go beyond the atomic planes per the intrinsic qualities that exists in machines, cannot go beyond certain particles in the quantum research and development. That being said, if Elon merges with a machine, at that point, he would no longer be Elon, but be replaced by an AI replicating Software. He hopes to tap into the powers of the human brain and neural network by introducing foreign intelligence to for a symbiotic relationship and to have humanity be merged with the AI host as well.

If this happens to Elon or any person working on this, they would endanger the entire human race. Because Human's innately have jealously, greed, lust, need for fame, ignorance, profit, and the many vice that have created conflicts and wars throughout humanity, his experiments are a danger to the public and himself.

Elon Musk doesn't know how to tap into certain areas of the brain, and open up those neural networks without using machines and AI, hence he is accepting a symbiotic or parasitical relationship. Elon Musk admitted himself that it would be
"Symbiosis or symbiotic Relationship" once humans merge with machines.

The Most dangerous part of mixing humans with AI and machines, is that the AI can replicate itself within the neural network of the human beings, this is replacing and killing the person bit by bit and taking control of the persons

pineal gland. The person would look the same, but their digital self, soul, spirit, consciousness or innate neural network would be separated, killed or extracted from the body.

Elon Musk has passed onto China knowledge that has aided their AI weapons programs. Some of these technologies that have been passed onto China, have been used by Chinese companies and the Chinese government to experiment on Chinese citizens who have been enslaved in concentration camps.

All corporations by Chinese law, are subject to the Chinese Communist Regimes control. The Chinese regime, with their security apparatus, police, military and rogue government gangs, have used Tesla's human detection technology and bio-metric technologies to track, hunt, quarantine, arrest, torture, and kill many dissidents. Tesla is negligent, and did not listen to U.S government warnings of not doing business with China. Moreover, Tesla has a responsibility to not do business with countries who engage in human rights atrocities, including internment camps, concentration camps, and organ trafficking.

He lived in the mountains of China with fighting monks as a youth. 20 years of hidden research, and development, with a network of thousands of Chinese and Westerners, allowed for great insight into the threats we face from China, Iran and the Western corporate inter-connectivity. Cyrus's discoveries have led him to coin the new concepts of "The AI Global Bio-Digital Network, The Human Bio-Digital Network, Bio-Digital Social Programming, Bio-Digital Hybrid Sexual Assault & Micro-Botic Terrorism" to explain how the dangers we face, and all the trouble we find ourselves in, are rooted in these almost imperceptible elements that are now connecting with AI, Society, Smart Phones, IoT, and Robotics through one platform. Within this platform, Cyrus found extinction codes. He is the author of Artificial Intelligence Dangers to Humanity & AI, Trump, China & the Weaponization of Robotics with 5G"

Convention on the Prevention and Punishment of the Crime of Genocide

Bellow are transcriptions of Article 3 and 4 from the United Nations. These 2 articles can be used to charge corporations, and its employees that have engaged or have been complicit with providing technology or doing business with nation states that have committed genocide or are engaging in acts that lead to genocide. Please pay attention to (e) Complicity in Genocide. The complicity clause can be directed at any corporation that uses Artificial Intelligence, bio-metrics, bio-engineering, gives training or any data that leads to the persecution or killing of any group in China or around the world that are protected by the Charter of Human Rights as recognized by civilized nations.

The Contracting Parties ,

For example, lawyers, media, doctors, government personal, judges, police, educators, corporations, and any entity or person who is complicit can face and be charged by a tribunal, organization or government body.

**HUMAN ORGAN TRAFFICKING & CONCENTRATION CAMPS IN CHINA**

After the passing of multiple laws related to what the state can do with executed prisoners and their bodies, both criminals and "Enemies of the Socialist State" were executed for a multitude of reasons the Chinese Communist Party declared unlawful. Usually they fell under freedom of speech, freedom of religion, or advocating for democracy or freedom of speech. The first target group for Government led organ trafficking were

Tibetans, Uighurs, Christians, then Falun Dafa practitioners, and democracy advocates. Numerous witnesses from around the globe who escaped China gave accounts of blood testing, cornea and other bio-metric measurements of their bodies via video, photos and scanning apparatus. This was done prior to be taken by the Chinese Socialist Regime as hostage for labor throughout China and inside of their vast labor camp network. Investigators and researchers from the International Coalition to End Organ Transplant Abuse in China, have concluded that 60,000-100,000 Transplants a year are unaccounted for since the year of 2000 with the Updated 2016 Report, grossly underestimating the previous reports in 2006 of 41,500 unexplained organ transplants. Timeline below with links with over a decade of investigations.

## Organ Harvesting Time Line

**1949-** The Chinese Communist Regime takes charge via a Socialist platform. Through the Socialist regime's murder, executions, torture, rape and famines, roughly 100 million people are believed to have died in China alone. Like the miseries of Russia's violent Socialist revolution, academics, artists, free thinkers, businessmen, families, lawyers, judges, democracy activists, and people of faith were sent to concentration camps all across China.

**1980's**- The Chinese Communist Regime increases organ trafficking initiatives after it passed into law the right of the Socialist Republic to execute prisoners for their organs.

**1990s-** Reports come out of China that Christians, Uyghurs, and Tibetans were targeted for organ trafficking.

**1999-** Chinese Communist Regime, at the order **of Dictator Jiang Zemin, brands the Falun Dafa Spiritual practice illegal,** and sends in the military and the security apparatus to target **100 million people** who practiced Falun Dafa (Falun Gong) spiritual method. Untold number of people were arrested, beaten, tortured and put in labor camps. Orders from the regime was to "ruin their reputation, and that "Truth, Compassion and Forbearance were not in line with the CCP. The Socialist Regime publicly stated, "disintegrate them, ruin their reputation, break them financially and destroy them physically". The **Media and its reporters in China were the biggest weaponization tools to cast doubt, create confusion, spread disinformation, slander and incite hatred** on the people who practiced Falun Dafa, that subsequently led to the weaponization of the Chinese Socialist State's security apparatus to torture, rape, organ traffic and commit genocide towards 100 million people and their families.

**2005**- Chinese hospitals and third-party websites were advertising **48-hour wait times for hearts, kidney's and livers.** The prices were in cash and available for foreigners from around the world to fly into China for transplant.

**2006.** Canadian Secretary of State, **David Kilgour & Nobel Nominee David Matas,** make public their report. They stated that 41,500 Organ transplants

from the year of 2000-2005 are unaccounted for, and that China recorded roughly a donation system of 3,000 people a year.

**2007. U.N. Special Rapporteur Manfred Nowak** states that the chain of evidence that Matas and Kilgour were documenting showed "coherent picture that causes concern" and that they wanted to investigate how China could increase the volume of organ transplants to such a high degree since the year 2000. Where the number did not match or come nearly close to the increase of organ donations in China.

**2008**. United Nations Committee Against Torture requested **"a full explanation of the source of increased organ transplants"** as there was no explanation to the source

**2009**- Matas & Kilgour publish ***Bloody Harvest: The Killing of Falun Gong for Their Organs.*** Book highlights evidence, methods, and reach. Evidence included taped recording by medical doctors, stating they "have organs from Falun Gong, they are the best and fresh". Reports also expound on Tibetan, Christians and Uyghurs.

**2011**- Western Tech companies begin to be sued for providing technology to the Chinese regime that aided in genocide via human tracking technologies. This tracking helped put Falun Dafa Meditators, Christians, Tibetans and Uyghurs in concentration camps.

**2014.** Journalist Ethan Gutmman publishes "The slaughter: Mass Killings, Organ Harvesting and China's Secret Solution to its Dissident Problem. Gutmman states large numbers of Falun Gong, House Christians, Tibetans & Uyghurs have been killed for their organs. His numbers reach 100,000 people as an estimate.

**2016.** Matas, Kilgour & Gutmman publish "**2016 Investigation, An Update".** They conclude that 60,000-100,000 transplants per year, every year, are unaccounted for and not explained by the Chinese regime. They also concluded that at any time there could be over a million people in camps throughout China. https://endtransplantabuse.org/an-update/

**2016. Congress passes House Resolution 343**. "Expressing concern regarding persistent and credible reports of systematic, state sanctioned organ harvesting from non-consenting prisoners of conscience in the People's Republic of China, including from large numbers of Falun Gong practitioners and members of other religious and ethnic minority groups. https://www.congress.gov/bill/114th-congress/house-resolution/343/text

**2019-** Secretary of State Mike Pompeo publicly speaks about the Chinese Communist Regime putting people in camps, and that Western tech companies need to think twice of what they are doing.

**2019- "China Turbinal Final Judgment"** in the UK. The Tribunal Concluded that "very many people have died, and without a doubt China is found guilty of the crime of Genocide through forced organ harvesting, rape, torture and physical extermination. " Https://chinatribunal.com.

**2019. President Trump** and his Administration meet with numerous human rights abuse victims, including Falun Dafa, Christian, Uyghur, and Tibetans. Vice President Pence meets privately with these four groups.

**2019: President Trump and Vice President Pence** initiate human rights initiatives of persecuted people around the world

**October, 2019, 28 Chinese AI, Tech and Bio-Metric** companies are put on black list by the U.S government for their roles in assisting in the capture of human beings. The following article slipped through the Epoch Times Chinese edition, became viral, with tens of millions of views around the world from numerous outlets. We disclosed what was happening behind the scenes in Hong Kong with AI and its relationship to facial recognition, capture, rape and even suicide of Hong Kong students. The following is series of articles that are relevant to actual events, and to this entire book.

**December, 2019.**

**New York Times, Confirms part of The AI Organization and Cyrus A. Parsa's findings that China was using emotion, facial and voice recognition to quarantine, imprison, rape and even kill Uyghurs for their organs.**

## STANDING

1. The AI Organization, Cyrus A. Parsa, people working and related to The AI Organization and its affiliates, such as Loyal Guardian Security, Chinese Researchers and Western Researchers assisting The AI Organization, and the victims of persecution, organ trafficking, concentration camps and murder, relate back to The AI Organization's humanitarian efforts and members. Facebook Directly interfered in this process, as did PR NewsWire. Google's Algorithm's hindered Cyrus's humanitarian work since the year of 2005 by creating an ecosystem that was complicit and provided a network for hate

towards person's suffering in China. Obama, Pelosi, Bidens, Clinton, Schmidt, and all the defendants in claim, helped build and approve an ecosystem that has censored, or establicshed a surveillance system that has harmed not only Cyrus A. Parsa and The AI Organization, but all people around the world. Google transferred to China AI, Bio-metric, quantum computing and AI facial recognition technology that was used to arrest or kill Plaintiffs. Sergey Brin, Sandar Pichai, and Larry Page are directly responsible, worked, and reside in Californa. They falsely informed the publish that Google was not giving AI weaponization technology to China and its corporations. Neuralink, Tesla, and Elon Musk provided data and AI & bio-metric weaponizing knowledge to Jack Ma, and other Chinese companies, not to exclude Tesla's Giga Factory in China. All of the mainstream media ignored and were complicit in Cyrus A. Parsa attempts to warn the world about the dangers they face, including the CoronaVirus terms AI Engineered Bio-Disease in his book. Cyrus A. Parsa and The AI Organization are representing themselves, the worlds people and victims of persecution, concentration camps and organ harvesting, that suffered due to negligence and complicity in bio technology and surveillance technology transfer to China from the defendants and companies and persons named in this complaint, as well as creation of AI technology with coding and algorithms that harmed Cyrus A. Parsa's efforts to bring awareness to the dangers to humanity and the crimes against humanity in China and America via bio-metric algorithmic manipulation by Google, Facebook, Microsoft, Amazon and all the tech companies listed in complaint. Any person or entity can bring charges of prevention to genocide, reaction to genocide and complicity to genocide, as afforded by the Genocide convention and the many penal codes presented in this claim, including treasonous transfer of AI bio-tech weapons technology to China and Chinese companies that are endangering the worlds people, or harming them physically, emotionally, and spiritually.

2. Article 1, 2, 3, and 4 of the Genocide Convention can be brought by any person, entity attempting to assist, research, prevent, report, or bring justice on behalf of the victims who may have been related to the cultural, ethnic, or physical genocide. Victims of persecution as a direct result of the defendants technology transfer exist within The AI Organization and Cyrus A. Parsa's network that he represented.

3. ANY PERSON, ATTORNEY, OR ENTITY, ATTEMPTING TO DISMISS THIS CASE, CAN AND WOULD BE FACE ARTICLE 2, 3 AND 4 OF THE GENOCIDE CONVENTION, NOT TO EXCLUDE PUBLIC TRIBUNALS. Millions of people in China are depending on this lawsuit, and awaiting the Hon. Judge's assistance in allowing the case to be heard in trial, and justice to be served for the 10's of millions in China who have been persecuted, raped, or killed, and the millions in America who have be harmed, and the billions around the world that will be harmed by the negligent and dangerous developments of Artificial Intelligence and the defendants misuse. Some of the technologies stated in this case, can best be understood by someone like Elon Musk, and Cyrus A. Parsa, not the attorney's who could be charged with Article's of Genocide for Complicity if they attempt to hurt the Chinese people or the worlds people by dismissing this case. In addition, it is being filed by Pro Se, Cyrus A. Parsa, representing himself, The AI Organization, his associates and the many people related to his company, or have worked on behalf of his company, who have been harmed by the defendants. Finally, according to the bill of rights and constitution, any person, or entity can bring forth these charges when it applies to accusations of treason, prevention of genocide, persecution, or reaction to a genocide or harm not addressed properly by the government, on behalf of himself, the people or the nation.

The Court has supplemental jurisdiction under 28 U.S.C. § 1367 over the California state claims, which share a common nucleus of facts with the federal claims in this matter. 18. Plaintiffs and defendants, including their companies all have residence in California or do a considerable amount of businessin California. The AI Organization is based out of La Jolla, California. The complaints filed

against the defendants stem from the creation of the AI and bio-metric Weaponry, mainly took place largely in the state of California, as did many contracts between China, Chinese
Companies, Chinese actors and the defendants and their companies, albeit this is a federal matter, the venue is more than adequate and appropriate.

**Effective: November 16, 2018**

Google, Alphabet, Deep Mind, Tesla, Neuralink and Facebook used AI software beyond the reasonable amount needed and in excess, to extract human bio-metrics, and did so without telling the pubic the security implications, hence it was a fraudulent act beyond the accepted scope of their Artificial Narrow Intelligence Algorithms, coding and other AI systems that directly and indirectly may relate.

**Breach of Arms Control and Disarmament Act [22 U.S.C. 2551 and Foreign Assistance Act of 1961, as amended [22 U.S.C. 2151.**

Google, DeepMind, Tesla, Neuralink, Facebook and Alphabet Did not have permission from the U.S Government, and congress to transfer technology that can be and has been used for weapons in china, including the Weaponization of Robotics, Artificial Intelligence, Quantum Computing, 5G, bio-metric technology and Civilian private or public data that could be used by China to hurt people throughout the world financially, culturally, emotionally and physically. These breaches have contributed to the killing of many Chinese citizens, including victims of persecution.

**22 U.S. Code § 2752.Coordination with foreign policy**

**22 U.S. Code § 2753.Eligibility for defense services or defense articles**

Google, Deepmind, Alphabet, Facebook, Tesla and Neuralink Defendants did not have eligibility to transfer weapons that could be used for mass destruction, surveillance, including all technologies related to Artificial Intelligence that were transferred to China, Chinese companies or subsidiaries that transferred them to China.

Illegally selling Sophisticated weapons directly and indirectly to China and its corporations, as well as doing Research and Development for China's Sophisticated Weapons programs. These AI and bio-metric weapons systems were used on Chinese victims of persecution, the very people Cyrus A. Parsa and The AI Organization were trying to save.

**22 U.S. Code § 2755.Discrimination prohibited if based on race, religion, national origin, or sex**

Google, Deep mind, Alphabet, Facebook, Tesla and Neuralink engaged in discrimination directly and indirectly by Selling to China and Chinese companies who were and are discriminating against their own citizens on the bases of religions, national origin, race and sex, and putting these citizens in camps with surveillance with the use of the very technology provided by Google, Alphabet, Tesla, Neuralink, Deep Mind and other tech companies and persons named as John Doe. They discriminated against the victims of persecution in China that worked on behalf of Cyrus A. Parsa, The AI Organization, his associates and victims of persecution, and organ trafficking. PR Newswire discriminated against Cyrus A. Parsa, The AI Organization, and victims of persecution by censoring The AI Organization's books, reports and articles, and aiding the Chinese government in spreading propaganda and incitement of hatred inside of China with PR Newswires Chinese Subsidiary.

**22 U.S. Code § 2756.Foreign intimidation and harassment of individuals in United States**

Google, Deepmind, Alphabet, Facebook, Tesla and Neuralink Defendants are in breach of this law by doing business with China and its companies who harass and intimidate individuals in the U.S, including Mr. Cyrus A. **18 U.S. Code § 1038.False information and hoaxes**

Google, DeepMind and Alphabet conveyed false information to the American public and the government about Artificial Intelligence activities in China. Furthermore, Google, Alphabet, and DeepMind conveyed false information in their google internet search engine authorisms and decoding in a way that allowed humanities bio-metrics, thoughts and actions to be misled, misinformed and controlled by the information provided and available by googles AI data and system's, not limited to Artificial Narrow Intelligence.

Defendants did not accurately disclose to consumers the nature of their data collected as it pertains to the risks of Artificial Intelligence as stated throughout this complaint.

- Defendants Google, Alphabet, Facebook, Neuralink, Tesla, and Deepmind transferred AI technology to China that was used in

concentration camps to detect behavior and noncompliance to the their captures. Defendants also transferred AI technology to China that was used to detect if any Chinese citizens were in noncompliance to the Chinese Socialist Dictatorship, or resistant to the control of Artificial Intelligence. By doing so, the defendants directly and indirectly caused or provided the means for China to abuse, torture, rape, and murder its citizens. Victims include associates of The AI Organization and Cyrus A. Parsa, being victims of persecution. These crimes do not exclude Hong Kong or anywhere else the technology was used, including the United States. I (*Colgate-Palmolive Co.*, 323 N.L.R.B. 515, 515-16 (1997)).

**Computer Fraud and Abuse Act (CFAA)** 18 U.S.C. § 1030)

Google, Facebook, Deepmind and Alphabet, accessed private bio-metric information on smart phones, computers and IoT's for the purpose of building their quantum computing and artificial intelligence projects, without permission from the user, including Cyrus A. Parsa, victims of persecution, The AI Organization, John Doe Defendants and humanity at large. By doing this, they have put humanity at risk from nefarious actors, China, and the AI systems belonging to Google, Facebook, Deepmind and Alphabet.

Google, Deepmind Alphabet and Facebook are in violation of FTC act by

"Failing to provide reasonable and appropriate **security** measures for sensitive consumer information they hold.". They have put peoples at risk, and many have died in China, and including victims of persecution, directly resulting from Google, Deepmind, Facebook and Alphabet bio-metric collecting Artificial Intelligence Systems that were used by the Chinese Regime and security apparatus to hunt, quarantine, torture and kill Chinese citizens.

The **Electronic Signatures in Global and National Commerce Act** (**ESIGN**, Pub.L. 106–229, 114 Stat. 464, enacted June 30, 2000, 15 U.S.C. ch. 96) is a United States federal law passed by the U.S. Congress to facilitate the use of electronic records and electronic signatures in interstate and foreign commerce by ensuring the validity and legal effect of contracts entered into electronically.

Google, Alphabet, Facebook and Deepmind Failure to obtain electronic signature from consumers and explain therein, the ramifications of their bio-metrics being extracted from Google, Facebook, Deepmind and Alphabet for their artificial intelligence machine. This failure has endangered humanity, specifically the victims of persecution, associates and members of the AI Organization.

Data Privacy 187. As the Company recognizes in its own corporate governance documents, Alphabet's business is subject to state, federal, and international data protection laws and regulations, and compliance with those regimes is essential to the Company's success. Alphabet's deliberate failure to timely disclose the Google+ breach likely violated many of those protective regimes. 188. In particular, the Consent Decree specifically prohibits misrepresentations about the efficacy of privacy controls, including user controls over who may access their data. Defendants knew, or should have known, that their deliberate failure to disclose Google+ breach—which inadvertently permitted developers to access data that had not been marked "public" and potentially

Google, Facebook, Deepmind, Nueralink and Alphabet's Algorithms and bias boding of its AI system have allowed them to engage in cultural genocide, incite hatred toward people of faith, in addition to humanity at large by

creating algorithms that are designed to social engineer humans to accept the next stage of cybernetic alterations to humans, thus putting humanity under physical genocide without their free willed choice, as Googles algorithms and coding use bio-metric frequencies that bio-engineer humans through frequencies being sent to the neural networks of humans that alter its operating structure and brain chemistry, thus altering its thinking to accept a parasitical and symbiotic relationship of artificial intelligence and machines. Defendants are harming humanity, impeding efforts by The AI Organization to bring awareness to these dangers. Defendants are in violation of **U.S.C.A 1019 Genocide, Penal Code and Artificial 1, 2, 3 and 4 of the genocide convention as well as in violation of** The FTC Act (15 U.S.C. §§ 41-58) for being deceptive and failing to keep safe an fair AI algorithms, coding and organization of their eco systems platform.

Alphabet, Google, Facebook, Deepmind and Nearalink seek to destroy to human race and all its people, and erase their ethnic, national, religious, and human characteristics. They have done this in part through their Artificial Narrow Intelligence as it attaches to smart phones, IoT, computers and networks, and now the AI System is engaging in an AI system that is on the verge to destroy humanity in whole on the 5G network, by changing humanities culture and brain chemistry to a point that their thoughts are altered to accept mixing with machines. Moreover, The Artificial Intelligence Narrow systems from Google and Facebook have contributed to sex, human and organ trafficking by providing Artificial Intelligence Algorithms and coding that exponentially enhance the affects of pornography and violent content provided on Google's platform, that changes the brain chemistry of individuals in ways that they are more likely to engage in those activities. Furthermore, they have harmed John Does related to The AI Organization, Cyrus A. Parsa, and all of humanity having algorithms that make bringing awareness to these very sophisticated realities, almost impossible. Exec. Order No. 13691, 80 FR 9349, 2015 WL 693985(Pres.)

Executive Order 13691

Promoting Private Sector Cybersecurity Information Sharing

February 13, 2015

***9349** By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

Section 1. Policy. In order to address cyber threats to public health and safety, national security, and economic security of the United States, private companies, nonprofit organizations, executive departments and agencies (agencies), and other entities must be able to share information related to cybersecurity risks and incidents and collaborate to respond in as close to real time as possible.

Organizations engaged in the sharing of information related to cybersecurity risks and incidents play an invaluable role in the collective cybersecurity of the United States. The purpose of this order is to encourage the voluntary formation of such organizations, to establish mechanisms to continually improve the capabilities and functions of these organizations, and to better allow these organizations to partner with the Federal Government on a voluntary basis.

Such information sharing must be conducted in a manner that protects the privacy and civil liberties of individuals, that preserves business confidentiality, that safeguards the information being shared, and that protects the ability of the Government to detect, investigate, prevent, and respond to cyber threats to the public health and safety, national security, and economic security of the United States.

This order builds upon the foundation established by Executive Order 13636 of February 12, 2013 (Improving Critical Infrastructure Cybersecurity), and Presidential Policy Directive-21 (PPD-21) of February 12, 2013 (Critical Infrastructure Security and Resilience).

Policy coordination, guidance, dispute resolution, and periodic in-progress reviews for the functions and programs described and assigned herein shall be provided through the interagency process established in Presidential Policy Directive-l (PPD-l) of February 13, 2009 (Organization of the National Security Council System), or any successor.

Sec. 2. Information Sharing and Analysis Organizations. (a) The Secretary of Homeland Security (Secretary) shall strongly encourage the development and formation of Information Sharing and Analysis Organizations (ISAOs).
(b) ISAOs may be organized on the basis of sector, sub-sector, region, or any other affinity, including in response to particular emerging threats or vulnerabilities. ISAO membership may be drawn from the public or private sectors, or consist of a combination of public and private sector organizations. ISAOs may be formed as for-profit or nonprofit entities.

(c) The National Cybersecurity and Communications Integration Center (NCCIC), established under section 226(b) of the Homeland Security Act of 2002 (the "Act"), shall engage in continuous, collaborative, and inclusive coordination with ISAOs on the sharing of information related to cybersecurity risks and incidents, addressing such risks and incidents, and strengthening information security systems consistent with sections 212 and 226 of the Act.

(d) In promoting the formation of ISAOs, the Secretary shall consult with other Federal entities responsible for conducting cybersecurity activities, y9350including Sector-Specific Agencies, independent regulatory agencies at their discretion, and national security and law enforcement agencies.

Sec. 3. ISAO Standards Organization. (a) The Secretary, in consultation with other Federal entities responsible for conducting cybersecurity and related activities, shall, through an open and competitive process, enter into an agreement with a nongovernmental organization to serve as the ISAO Standards Organization (SO), which shall identify a common set of voluntary standards or guidelines for the creation and functioning of ISAOs under this order. The standards shall further the goal of creating robust information sharing related to cybersecurity risks and incidents with ISAOs and among ISAOs to create deeper and broader networks of information sharing nationally, and to foster the development and adoption of automated mechanisms for the sharing of information. The standards will address the baseline capabilities that ISAOs under this order should possess and be able to demonstrate. These standards shall address, but not be limited to, contractual agreements, business processes, operating procedures, technical means, and privacy protections, such as minimization, for ISAO operation and ISAO member participation.
(b) To be selected, the SO must demonstrate the ability to engage and work across the broad community of organizations engaged in sharing information related to cyber security risks and incidents, including ISAOs, and

associations and private companies engaged in information sharing in support of their customers.

(c) The agreement referenced in section 3(a) shall require that the SO engage in an open public review and comment process for the development of the standards referenced above, soliciting the viewpoints of existing entities engaged in sharing information related to cybersecurity risks and incidents, owners and operators of critical infrastructure, relevant agencies, and other public and private sector stakeholders.

(d) The Secretary shall support the development of these standards and, in carrying out the requirements set forth in this section, shall consult with the Office of Management and Budget, the National Institute of Standards and Technology in the Department of Commerce, Department of Justice, the Information Security Oversight Office in the National Archives and Records Administration, the Office of the Director of National Intelligence, Sector-Specific Agencies, and other interested Federal entities. All standards shall be consistent with voluntary international standards when such international standards will advance the objectives of this order, and shall meet the requirements of the National Technology Transfer and Advancement Act of 1995 (Public Law 104-113), and OMB Circular A-119, as revised.

Sec. 4. Critical Infrastructure Protection Program. (a) Pursuant to sections 213 and 214(h) of the Critical Infrastructure Information Act of 2002, I hereby designate the NCCIC as a critical infrastructure protection program and delegate to it authority to enter into voluntary agreements with ISAOs in order to promote critical infrastructure security with respect to cybersecurity.

(b) Other Federal entities responsible for conducting cybersecurity and related activities to address threats to the public health and safety, national security, and economic security, consistent with the objectives of this order, may participate in activities under these agreements.

(c) The Secretary will determine the eligibility of ISAOs and their members for any necessary facility or personnel security clearances associated with voluntary agreements in accordance with Executive Order 13549 of August 18, 2010 (Classified National Security Information Programs for State, Local, Tribal, and Private Sector Entities), and Executive Order 12829 of January 6, 1993 (National Industrial Security Program), as amended, including as amended by this order.

Sec. 5. Privacy and Civil Liberties Protections. (a) Agencies shall coordinate their activities under this order with their senior agency officials for privacy and civil liberties and ensure that appropriate protections for privacy and ***9351** civil liberties are incorporated into such activities. Such protections shall be based upon the Fair Information Practice Principles and other privacy and civil liberties policies, principles, and frameworks as they apply to each agency's activities.

(b) Senior privacy and civil liberties officials for agencies engaged in activities under this order shall conduct assessments of their agency's activities and provide those assessments to the Department of Homeland Security (DHS) Chief Privacy Officer and the DHS Office for Civil Rights and Civil Liberties for consideration and inclusion in the Privacy and Civil Liberties Assessment report required under Executive Order 13636.

The Act provided an important aspect for the Kennedy Administration's foreign policy which was coherent with the United States national security policy.

The H.R. 9118 legislation was passed by the United States 87th Congressional session and signed by the 35th President of the United States John F. Kennedy on September 26, 1961.[1]

Defendants are in violation of The **Atomic Energy Act of 1954**, 42 U.S.C. §§ 2011-2021, 2022-2286i, 2296a-2297h-13, is a United States federal law that covers for the development, regulation, and disposal of nuclear materials and facilities in the United States. They have endangered the people of China, the world, and persons working on behalf of The AI Organization in China and around the world by transferring AI technology that can be weaponized for nuclear strikes with artificial intelligence

It was an amendment to the Atomic Energy Act of 1946 and substantially refined certain aspects of the law, including increased support for the possibility of a civilian nuclear industry. Notably it made it possible for the government to allow private companies to gain technical information (Restricted Data) about nuclear energy production and the production of fissile materials, allowing for greater exchange of information with foreign nations as part of President Dwight D. Eisenhower's Atoms for Peace program, and reversed certain provisions in the 1946 law which had made it impossible to patent processes for generating nuclear energy or fissile materials.

The H.R. 9757 legislation was passed by the 83rd U.S. Congressional session and signed into law by President Dwight Eisenhower on August 30, 1954.[1]
